**AUXILIARY COMMUNITY OUTREACH
GENERAL ORDERS
November 2020**

This year's scavenger hunt has gotten off to a slow start. Congratulations to Linda Bartkowski for sending in the right answer to me. Somewhere in this General Orders is the new clue for this quarter. Can you find it?

November brings on the thoughts of Thanksgiving and then a month later, Christmas. These two holidays can be lonely to many people. Not just seniors but anyone that has lost a spouse, lost a child, or a child in foster care. The Auxiliary Community outreach program can help ease that loneliness by just offer a helping hand to someone you think needs it.

How, you may ask.

- ❖ Bake an extra pie or cake and take it to a neighbor.
- ❖ Help to organize a Thanksgiving dinner at the local senior center.
- ❖ Make a food basket of a Thanksgiving dinner for a Family in need.
- ❖ Help to clean a house for someone that is expecting company and can feel overwhelmed by the thought of all that needs to be done.
- ❖ Ask someone if you can go to the market and get the groceries they need.
- ❖ **Volunteer** at a homeless shelter on Thanksgiving Day to help serve the food, clean tables, talk to those attending, wash dishes, take out trash. Nothing is too big or too little to do.
- ❖ Take someone shopping so they can get started or get finished with their Christmas gift list.

We are gifts to the community. What are we?

Remember to wear something that identifies you as an auxiliary member. A ball cap, necklace, earrings, Auxiliary T-shirt, or name tag. This will allow for the start of a conversation about the Auxiliary and may bring in a new member.

I have changed my mind about something. I have told you to keep your Auxiliary Outreach Program Reporting sheets. I now want you to send in to me anything extra special that you or your auxiliary has done. Please send pictures, newspaper clippings and anything else that will fully explain what you have done. I'm sure our National Ambassador, Diane Pencak, would like to see what you have been doing.
