

## Legislative Program July/August 2021

This is the start of a new year for Legislative. Not only new to you, but new to me. Even though the Missouri Capitol is in recess, probably most of the summer; now is the time to setting up events at your Auxiliary to have the State Representative or State Senator for your district to come and talk to your Auxiliary. You might even have a forum of all those that represent your district, to talk about this past year and what is coming for the following session. Since this is summertime, that means fairs, parades, and other outdoor events. If your county is having a County Fair, set up a Voting Registration Booth. When you do, make sure you have pamphlets, brochures on what the VFW Auxiliary is doing with not only your State Legislature, but your Federal Legislature.

Make it fun and have a drawing! Also, get in touch with your Federal Representative and or State Senator and try and get copies of the booklet of the Constitution and the Bill of Rights. Have those displayed at your booth. Now, before everyone in your Auxiliary gets busy, try and schedule a tour of the State Capitol in Jefferson City, Mo. Do Not forget to make sure that everyone in your Auxiliary is signed up for the VFW Action Corps.

I just remembered, that since this is a new year. You should be receiving a booklet from your State Representative, somewhat like a newsletter from them. Share that with your Auxiliary and also, it might give you ideas from it, to help with your legislative program.

Let's just make sure that our voices are heard for our Veterans! That is the reason why we are here.

Bryan P Bradford  
Legislative Chairman
